IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re the Application of

Haruyoshi YAMADA et al.

Application No.: 09/960,374

Filed: September 24, 2001

Docket No.: 110675

For: LIGHT SOURCE AND PROJECTOR

SUPPLEMENTAL PRELIMINARY AMENDMENT

Director of the U.S. Patent and Trademark Office
Washington, D. C. 20231

Sir:

Prior to initial examination, please amend the above-identified application as follows:

IN THE CLAIMS:

Please replace claims 12-17 as follows:

- Sub
B6
12
12. (Amended) The projector according to claim 8, wherein the pair of opening is a recess formed on the distal part of the reflector in the light-emitting direction.
 13. (Amended) The projector according to claim 8, wherein the pair of opening is horizontally disposed when the case is detached from the projector.
 14. (Amended) The projector according to claim 8, wherein the cooling channel shutter includes a lid member rotatably supported to the case for shutting the opening formed on the case and a biasing member for biasing the lid member in rotary direction.
 15. (Amended) The projector according to claim 8, wherein the cooling channel shutter includes a lid member slidably supported by the case for shutting an opening formed on the case and a biasing member for biasing the lid member in slide direction thereof.
